

LONDON TRIP

17th April 1958

When the WLS was a sub branch of the Gloucestershire Locomotives club they invited enthusiasts in Worcestershire on their annual London trip in the Easter holidays.

These were by train to Paddington where a fleet of London Transport buses was. When booking you had to choose which coach tour to join-they all visited a mixture of sheds and what a decision that was.

This locomotive list is a combination of records made by Mike Thomas and Gerald Wadley.

Malvern Link to Paddington (by train)
